

To get the video to play in the DOT screens if you are using Chrome for your browser.

Go to "Settings", then "Advanced", then "Privacy & Security".

Go to "Site Settings", click on "Flash" to set it ON, Set it to "Ask First".

Go back to the DOT website, select the camera desired.

Click on "Load Video", then click on the "here" on the Download latest version here.

A popup will appear, click "allow" in the popup.

Click "load video", the video should go live.
